posed a bill in February to allow the U.S. EPA to ban hydrofluorocarbons (HFCs).

World leaders agreed to a phase out in 2015 and EPA wrote its own regulations that were overturned in federal court.

Kennedy and Carper are looking to preserve jobs in their states for constituents and those who have invested in new technology.

## Spectra premium receives 2017 XL parts vendor award

MACS member Spectra Premium Industries received the 2017 Vendor of the Year Award at the three-day Casino Night / Vendor Tradeshow event held on February 25th at the XL Parts main warehouse in Houston, Texas.

Each year, XL Parts presents their Vendor of the Year Award to the manufacturer which has shown responsiveness to issues, sustained efforts to promote the line and partnership-building with XL Parts personnel.

“Spectra Premium™ is both honored and grateful to receive this recognition. We

deploy every effort to maintain high service levels and always seek to go above and beyond customer expectations,” says Michael Shellhart, Senior Business Development Manager. “We

are proud of our ongoing partnership with XL Parts and would like to thank them for this award. We are looking forward to our continued growth together.”

Cesar Ochoa, Spectra Premium™ Southwest Regional Sales Manager, accepted the award on behalf of the company.
